

TO BE REDEDICATED.

Zion Lutheran Church's Special Services To-morrow.

AND A CORNER STONE LAYING ALSO.

The Remodeled Zion's Church Will be Formally Consecrated Sunday With Very Impressive Ceremonies, in Which Distinguished Ministers Will Take Part—The New Catholic Church at Elm Grove.

The remodeled and practically new Zion's German Evangelical Lutheran church building, on Market street, in the Fifth ward, will be formally dedicated to-morrow. The renovation and repairs have been most thorough, and the church is now one of the handsomest and most conveniently arranged in Wheeling. The pastor, Rev. P. J. Hob, and the committee have labored hard and incessantly, and naturally look forward to to-morrow's exercises as the fruition of their summer's work.

In the forenoon at 10:30 the formal dedication will take place. The sermon will be by Rev. Ivan Dietrich, of Allegheny City. At this and all the services of the day special music of an appropriate character will be rendered by a large choir, and Prof. H. J. Arbens will preside at the magnificent new pipe organ. In the evening Rev. J. G. Keiser, of East Liverpool, will preach. In the afternoon there will be a service for the young people and Sunday school, when addresses will be made by the visiting ministers. The dedicatory services will be continued Monday night, when a sermon in English will be preached by the Rev. T. B. Roth, D. D., president of Thiel college, of Greenville, Pa. This service will be for the English speaking friends of the church and the minister in charge will preach from the topic, "Plymouth Rock and Other Rocks."

CORNER STONE LAYING

Of the Catholic Church of St. Vincent de Paul at Elm Grove.

To-morrow will mark an unusual event in the history of Elm Grove, the occasion being the laying of the corner stone of the new Catholic church of St. Vincent de Paul. Parties in this city who wish to attend the services will have to take the 2 o'clock motor. There will be plenty of cars on hand to accommodate the crowds, and a brass band will be on the train, which will also take part in the musical programme. There will be a committee at the Elm Grove station to escort the visitors to the church.

The musical features of the occasion promise to be out of the ordinary, as the full Cathedral choir of this city will take a prominent part. The exercises will begin at 3 o'clock sharp with Rev. Father Boulton, rector of the Cathedral, as master of ceremonies, who officiates in the absence of Bishop Donahue.

Young Men's Rally.

An interesting religious meeting for men is held at the Young Men's Christian Association building every Sunday afternoon in the year from 4 to 5 o'clock. Short addresses are made by eminent speakers and the young men of the association. A meeting is also held every Saturday evening. Prayer and praise, interspersed with short addresses, make this evening hour one of profit and enjoyment. These meetings have been well sustained by the young men all summer, but in the fall there is always a perceptible increase in attendance. The autumn rally will be held to-night and to-morrow. The meeting at 8 o'clock to-night will be of special interest and will be followed by a social Sunday at 4 o'clock. Rev. Dr. Riker will deliver an address. A cordial invitation is extended by the association to all men to be present.

THE RACE AT ATLANTA.

The Independent Horse Company will leave over the B. & O. Road Monday. The Independent Horse Company, of Martin's Ferry, which will compete for the championship of the world at Atlanta, Ga., next Friday and Saturday, has decided to go over the Baltimore & Ohio railroad. They will go on the train which leaves Wheeling at 10:15 Monday morning, arriving at Cincinnati at 6 o'clock the same evening, lying there two hours, and arriving at Atlanta at 2 p. m. Tuesday, the following day. The Baltimore & Ohio gave the lowest rate, and the company will go over its line on that account. All who go with the company will get the same rate. Several Martin's Ferry people have been talking of accompanying the champions.

The Independents will wear the usual badge and a card on which will appear the portrait of the team, with three buckeyes attached to this and red, white and blue ribbon will be used. The runners have been making good time in their practice and will do their best to win. Twelve of the fastest horse companies in the United States are entered, including the crack teams of Kearney, Nub. Butler, Pa., Chattanooga, Tenn., and others.

The first prize is the world's championship belt, valued at \$1,000; second prize, horse cart, valued at \$500, and the company traveling the longest distance is to get a gold medal, valued at \$50.

Dr. J. W. Darrah, the foreman of the Independents, cannot go on Monday, but will follow later in the week and be on hand in plenty of time for the race. Eighteen runners will go.

The Independents have secured accommodations at one of the leading hotels in Atlanta.

The rate will be good returning for ten days.

A representative of one of the competing horse teams has been in Martin's Ferry this week getting pointers.

INSTANTLY KILLED.

A Young Miner Crushed to Death West of Bellaire Yesterday.

Patrick Seahill, jr., was instantly killed in Birch's coal mine, west of Bellaire, yesterday morning. His father, Patrick Seahill, sr., had the mine leased, and Patrick, jr., was a miner there. He was at work in a room with Lee Nixon, when a huge stone let go from a sort of slip in the top of the room. It caught the boy about the head and shoulders and crushed his life out in a twinkling. His whole body was covered with slate and stone, and was badly bruised. The body was brought to the family home in the third ward, Bellaire, and the funeral will occur to-morrow. The unfortunate boy was the second son of Patrick Seahill, and had just turned his twenty-first year.

SLEEP OR DEATH.

For Years Mr. Burghelm Had Suffered.

Paine's Celery Compound Soon Made Him Well.

Publisher of Two Great German Papers.

Can Now Work Fourteen Hours Every Day.

Sleeps Soundly and Peacefully Every Night He Lives.

Sleep is one of the things that cannot be put off from night to night.

The punishment for sleeplessness is worse than pain. It means a shattered mind.

It often happens that a sudden stress of work or anxiety robs one of the night's rest. The effect is soon apparent in the languor, headaches and listlessness that ensue.

If rapid and abundant means are employed to repair the exhausted parts the nerves regain their elasticity. But if an unnatural privation of sleep is carried beyond the stretching power of the brain the whole nervous system becomes undone, and prostration results.

Thousands of men struggling under great responsibilities or tedious work, anxious, overworked mothers and wives, shop girls who are forced to stand on their feet all day long, have little diff-

MR. MAX BURGHELM.

culty in convincing their friends of the remarkable power of Paine's celery compound to restore their energy, renew their vigor, and make them strong and well.

Here is a letter from Mr. Max Burghelm, the well-known president and manager of the Cincinnati Freie Presse Company. Mr. Burghelm writes:

"The following statement may be of interest. I have been suffering from sleeplessness, insomnia, for many years, and although I have tried almost everything to get cured, consulting the best physicians, and even going several times to Europe, everything was in vain.

"I did not have a night's rest for almost six years, that is to say, I could not sleep for two hours in succession in a single night; you can easily imagine what the effect on me had been.

"After spending a fortune in trying for relief I had given up almost all hope, and when I first read about Paine's celery compound I did not have much faith in anything. But after having used so many remedies and consulted so many physicians in this country and abroad I felt like giving the compound a trial. The result was truly wonderful.

"The very first night, about six months ago, that I tried Paine's celery compound you can imagine my joy when I found that I had slept six hours in succession, a thing that I had not been blessed with for so many years. I continued the use for over three months with the same happy result, and although I was fearful lest the malady would come back on me, I can now say that although I have not taken the compound for months I do sleep every night peacefully and without interruption.

"You can easily imagine what this means for a man who works fourteen hours every day in the year and has charge of two large newspapers. I consider my case a most remarkable one and I should be glad if this statement should be the means of helping others who have suffered like I in the same untold agonies, and for this reason I give you full permission to make use of this statement in any way you choose."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
